12 x 18	\$35.00		
24 x 36	\$55.00		
* Special Edit	\$50.00		

Total:	
---------------	--

* **Special edit** = Partial desaturation editing is the process of separating the background or an image from the subject and then making the background black & white while maintaining a full color subject. This type of edit creates a captivating image that seems to leap off the page. The special edit price for each image is a one-time fee. Subsequent reprints of that image are not charged the special edit fee.
